DIRECTIONS FOR USE

RESTRAINTS: DO NOT spray if weeds are wilted by dry or cold weather.
DO NOT spray if rain is likely within four hours.

SITUATION	WEEDS CONTROLLED	RATE			CRITICAL COMMENTS
		Per Hectare	High Volume per 100 Litres	Per 15 Litre knapsack	
Turf – established Couch (incl. Queensland Blue Couch), Kikuyu, Paspalum, Buffalo, Fescue, Bent and Rye	Bindii, Jo-Jo (Onehunga), Cudweed, Dandelion, Catsear, Plantains, Thistles, Oxalis, Capeweed, Creeping Buttercap, Fleabane, Clover (not Tas)	5.5 litres in 500 litres of water (boom spraying)	300mL (power spraying)	60mL per 100 square metres	Apply evenly over the area to be treated. Slight browning of grasses may occur. DO NOT mow turf for 2 days after treatment.

NOT TO BE USED FOR ANY PURPOSES, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

RESISTANT WEEDS WARNING

Barmac Bindii Killer Selective Weedkiller is a member of the Phenoxy, benzoic acid and Nitriles groups of herbicides. The product has the **GROUP C I HERBICIDE** disruptors-of-plant-cell growth and inhibitor of photosynthesis and photosystem II modes of action. For weed resistance management Barmac Bindii Killer Selective Weedkiller is a group C and a group I herbicide. Some naturally occurring weed biotypes resistant to Barmac Bindii Killer Selective Weedkiller and other group C and group I herbicides may exist through normal genetic variability in any weed population. The resistant individuals can eventually dominate the weed population if these herbicides are used repeatedly. These resistant weeds will not be controlled by Barmac Bindii Killer Selective Weedkiller or other group C and group I herbicides. Since the occurrence of resistant weeds is difficult to detect prior to use, Barmac Industries Pty Ltd accepts no responsibility for any losses that may result from the failure of Barmac Bindii Killer Selective Weedkiller to control resistant weeds.

PROTECTION OF CROPS, NATIVE AND NON TARGET PLANTS

DO NOT apply under meteorological conditions or from spraying equipment which could be expected to cause spray to drift onto nearby susceptible plants, adjacent crops, crop lands or pastures.

PROTECTION OF LIVESTOCK

DO NOT feed lawn or grass clippings from treated areas to poultry or livestock.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

Dangerous to fish. DO NOT contaminate streams, rivers or waterways with the chemical or used container.

STORAGE AND DISPOSAL

Store in a closed original container in a cool well ventilated area away from children, animals, food, feedstuffs, seed and fertilizer. DO NOT store for prolonged periods in direct sunlight. Triple rinse or preferably pressure rinse containers before disposal. Add rinsings to the spray tank. DO NOT dispose of undiluted chemical on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling break, puncture or crush and bury empty containers in a local authority landfill. If no local authority landfill is available bury the containers below 500mm in a disposal pit specifically marked and set up for the purpose, clear of waterways, desirable vegetation and tree roots. Empty containers or product should not be buried.

SAFETY DIRECTIONS

Product is poisonous if inhaled or swallowed. Attacks the eyes and will irritate the skin. Avoid contact with the eyes and skin. DO NOT inhale spray mist. When opening the container and preparing spray wear cotton overalls buttoned to the neck and wrist, a washable hat, elbow length PVC gloves, and a face shield or goggles. If product on skin, immediately wash area with soap and water. If product in eyes wash out immediately with water. After use and before eating, drinking

or smoking wash hands, arms and face thoroughly with soap and water. After each days use wash gloves, face shield or goggles and contaminated clothing.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26.

MATERIAL SAFETY DATA SHEET: Additional information is listed in the Material Safety Data Sheet, which can be obtained from the supplier.

CONDITIONS OF SALE: Product is designed only for the particular purposes indicated on the label. Failure to use the product strictly as directed may be illegal, prove dangerous and render the product ineffective.
