How to Use:	<p>HOW TO USE Shake can before use. Best results are obtained if the pests are contacted directly. Treat in early morning or evening when pests are in the nest.</p> <p>HOW TO APPLY: Wind should always be at back of user and blowing towards object being treated. Hold container in an upright position to treat. Stand a safe distance, about 2 metres from the nest and not directly underneath. Use a sweeping motion to saturate nests.</p> <p>NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED.</p>
Withholding Periods:	
How to Prepare:	
Precautions:	CAUTION: ·

	<p>Dangerous to bees. Dangerous to fish. Remove or cover fish tanks before spraying. DO NOT spray directly on humans, pets, exposed food, food preparation areas or food utensils. DO NOT stand directly underneath the spray site to ensure insects and spray do not fall onto the skin or clothing. DO NOT allow chemical containers or spray to get into drains, sewers, streams or ponds:</p> <p>BEWARE: Deliberately sniffing or inhaling concentrated spray can be harmful or fatal.</p>
