

PRODUCT INFORMATION

Seasol Lawn Care

Seasol Lawn Care boosts lawn and soil health in a double concentrate formula in a smaller, thinner container.

INSTRUCTIONS FOR USE

Seasol Lawn Care is the perfect combination of seaweed and trace elements to revitalise your lawn and soil. It helps promote healthy growth, enhances foliage colour and protects your lawn from heat and drought stress.

Seasol Lawn Care is ideal to use after mowing. It's a fast-acting liquid which goes to work immediately and is safe on all lawns, including buffalo.

DIRECTIONS FOR USE

Seasol Lawn Care 1.2 litre hose-on is a ready-to-use, fast-acting liquid that goes to work immediately when applied to established lawns.

Regular fortnightly or monthly applications will help promote healthy lawn and soil.

For new lawns (laying turf or sowing seed) use **Seasol hose-on** or **Seasol Lawn & Turf Starter hose-on** to help with seed germination or transplant shock. They promote healthy growth and a strong root system.

Hose-On

Seasol Lawn Care hose-on pack is ready to use. Simply shake the container, attach the hose to the yellow spray nozzle, and turn the tap. Lift the green tab and spray your lawn.

Each 1.2 litre hose-on treats up to 125m² of lawn in around 10 minutes (depending on water pressure). It is not recommended to apply on days that may exceed 25°C.

Watering can application

Seasol Lawn Care hose-on pack solution can be diluted for a watering can application at a rate of 80mL per 9 litres of water.

TYPICAL ANALYSIS

W/V: Nitrogen (N) 6.0%
Phosphorus (P) 0.0%
Potassium (K) 0.8%

Seasol Lawn Care is available from Bunnings in a 1.2 litre hose-on to meet every gardener's needs.

Safe on all lawns including buffalo, it revitalises lawn & soil health

Promotes healthy growth & enhances foliage colour

Boosted with seaweed to help lawns cope with heat & drought

Fast-acting liquid, it goes to work immediately to improve lawn health

USAGE TIPS

Seasol Lawn Care is the perfect partner for any lawn project applied throughout the year.

- ✓ Mow lawns regularly throughout the growing season for a strong and lush lawn. Apply **Seasol Lawn Care** after mowing for a total lawn treatment.
- ✓ Apply it regularly every fortnight to month to promote healthy lawn and soil.
- ✓ Apply in the early morning or late evening, especially during times of heat.
- ✓ Ensure water is going down to the lawn's roots. If it's pooling on top or running off apply **Seasol Super Soil Wetter & Conditioner** to ensure water gets deep into the soil.
- ✓ It is not recommended to apply when temperatures are above 25°C.
